Important Questions	Answers	Why This Matters:
What is the overall deductible?	PPO: $0 Non-PPO: $200/individual; $600/family.	PPO: See the Common Medical Events chart below for your costs for services this plan covers. Non-PPO: Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	PPO: Not applicable Non-PPO: Yes	PPO: This plan does not have a deductible for in-network services. Non-PPO: This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Not applicable.	This plan does not have an out-of-pocket limit on your expenses.
What is not included in the out-of-pocket limit?	Not applicable.	This plan does not have an out-of-pocket limit on your expenses.
Will you pay less if you use a network provider?	Yes. Visit: HorizonBlue.com/doctorfinder or call 1-800-810-2583 to locate providers.	The plan uses a provider network. You will pay less if you use a provider in the plan's PPO. You will pay the most if you use a non-PPO provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your PPO provider might use a non-PPO provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without permission from this plan.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
