

This Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.825funds.org or call 1-973-671-6800. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	PPO: \$0 Non-PPO: \$200/individual; \$600/family.	PPO: See the Common Medical Events Chart below for your costs for services this <u>plan</u> covers. Non-PPO: Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	PPO: Not Applicable Non-PPO: Yes. Facility charges, mental health/substance abuse services, <u>emergency services</u> /transport and <u>skilled nursing care</u> are covered before you meet your <u>deductible</u> .	PPO: This <u>plan</u> does not have a <u>deductible</u> for <u>in-network</u> services. Non-PPO: This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	PPO: \$5,100/individual; \$10,200/family Non-PPO: No limit. <u>Prescription Drugs</u> : \$4,000/individual; \$8,000/family	PPO: The <u>out-of-pocket limit</u> is the most you could pay in a year for in-network covered services. Non-PPO: This <u>plan</u> does not have an <u>out-of-network out-of-pocket limit</u> on your expenses.
What is not included in the <u>out-of-pocket limit</u>?	PPO: <u>Copayments</u> on certain services, <u>premiums</u> , <u>balance-billing</u> charges, penalties for failure to obtain <u>preauthorization</u> and health care this <u>plan</u> doesn't cover. Non-PPO: Not applicable.	PPO: Even though you pay these expenses, they don't count toward the in-network <u>out-of-pocket limit</u> . Non-PPO: This <u>plan</u> does not have an <u>out-of-network out-of-pocket limit</u> on your expenses.
Will you pay less if you use a <u>network provider</u>?	Yes. Visit: HorizonBlue.com/doctorfinder or call 1-800-810-2583 to locate <u>providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use a non-PPO <u>provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your PPO <u>provider</u> might use a non-PPO <u>provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.

Do you need a <u>referral</u> to see a <u>specialist</u>?	No.	You can see the <u>specialist</u> you choose without permission from this <u>plan</u> .
