| Important Questions | Answers | Why This Matters: |
|--|---|---|
| What is the overall deductible? | PPO: \$0 Non-PPO: \$200/individual; \$600/family. | PPO: See the Common Medical Events chart below for your costs for services this plan covers. Non-PPO: Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. |
| Are there services covered before you meet your deductible? | PPO: Not applicable Non-PPO: Yes. Prescription drugs, facility charges, mental health/substance abuse services, emergency services/transport, skilled nursing care, vision and dental are covered before you meet your deductible. | PPO: This plan does not have a deductible for in-network services. Non-PPO: This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | PPO: \$5,100/individual and \$10,200/family Non-PPO: No limit. Prescription Drugs: \$4,000/individual and \$8,000/family | PPO and Prescription Drugs: The out-of-pocket limit is the most you could pay in a year for in-network covered services. Non-PPO: This plan does not have an out-of-network out-of-pocket limit on your expenses. |
| What is not included in the out-of-pocket limit? | PPO: Copayments on certain services, premiums, balance-billing charges, penalties for failure to obtain preauthorization and health care this plan doesn't cover. Non-PPO: Not applicable. | PPO: Even though you pay these expenses, they don't count toward the in-network out-of-pocket limit. Non-PPO: This plan does not have an out-of-network out-of-pocket limit on your expenses. |
| Will you pay less if you use a network provider? | Yes. Visit HorizonBlue.com/doctorfinder or call 1-800-810-2583 to locate providers. | The plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use a non-PPO provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your PPO provider might use a non-PPO provider for some services (such as lab work). Check with your provider before you get services. |
