

Sleep Apnea Dental Benefit

Fidelio offers an enhanced Sleep Apnea device benefit for eligible IUOE Local 825 members and their dependents enrolled in Fidelio

Fidelio offers coverage for sleep apnea oral devices when you visit an approved Eastern Dental Office. The process is simple, but it's important to follow the necessary steps to ensure your coverage and successful treatment.

What You Need for Your Visit

- **Be an Eligible Member of IUOE Local 825:** You must be a current member of IUOE Local 825 and eligible for dental coverage (level 3).
- **Currently Enrolled in Fidelio Dental:** You must be enrolled in Fidelio Dental insurance.
- **Doctor's Note:** A note from your Pulmonologist stating that you need a sleep apnea device. This is required to verify your medical need for the device. Without this note, the process cannot move forward. Also include recent sleep study results.

How the Process Works

1. **Make an Appointment:** Call an approved sleep apnea provider (listed below).
2. **Initial Visit:** Go to the Eastern Dental office with your doctor's note and insurance information.
3. **Approval:** Fidelio will check if you qualify based on your doctor's note and dental health.
4. **Second Visit:** Return in two weeks to get the impression (mold) for your device.
5. **Final Visit:** Come back to Eastern Dental to have your device inserted.
6. **Payment:** Payment will be made directly to Eastern Dental
